Re: Q[REDACTED]/S001

Trade/Device Name: PANCREASaver
Received: October 11, 2022

Dear Wei-Chih Liao:

The Center for Devices and Radiological Health (CDRH) of the Food and Drug Administration (FDA) has received the above submission requesting designation as a Breakthrough Device. The proposed indications for use includes "PANCREASaver is a computer-assisted detection and diagnosis (CADE/x) software device for use in healthcare facilities and/or hospitals to assist qualified physicians in the detection and diagnosis of pancreatic ductal adenocarcinoma (PDAC) using venous phase contrast-enhanced CT images obtained from adult patients. [REDACTED]

[REDACTED]

[REDACTED]
[REDACTED]
[REDACTED]
[REDACTED]
[REDACTED] By providing information that may be useful in the detection and diagnosis of PDAC during image interpretation, PANCREASaver provides complementary information in assisting qualified physician interpretation.

Please note: Patient management decisions should not be made solely on the results of the PANCREASaver analysis.. "We are pleased to inform you that your device and proposed indication for use meet the criteria and have been granted designation as a Breakthrough Device." Please refer to the FDA guidance document entitled "Breakthrough Devices Program", for more information regarding the program, available at <https://www.fda.gov/media/108135/download>.

We recommend you review the FDA guidance document for the Breakthrough Devices Program referenced above for the available mechanisms for obtaining feedback from the Agency on device development for designated breakthrough devices. When submitting any new requests, please reference Q[REDACTED]/S001. Any new submission should be provided as an eCopy, it should include the FDA reference number for this submission, and should be submitted to the following address:

U.S. Food and Drug Administration
Center for Devices and Radiological Health
IDE Document Control Center - WO66-G609
10903 New Hampshire Avenue
Silver Spring, MD 20993-0002
